Welcome Back!!

I would like to introduce myself to all the parents and students that I have not had the pleasure of meeting. My name is Stacie Taylor, RN and I am the new full-time clinic nurse. You will also see in our clinic Jaime Holofchak, RN 2-3 days per week. We invite any questions or concerns you may have and are excited to begin this new school year with you. We are here for your children if they are sick or injured, but our ultimate goal is to make sure your children are able to spend the necessary amount of time in class and succeed academically. We want to see ALL of our children here at Liberty reaching their fullest potential!

Since the cold and flu season is just around the corner, I would like to announce early that Bedford county schools will **not** be administering the flu mist to our students this year as we have in the past. New studies have shown that the flu mist is ineffective and the CDC does not recommend administering. If you would like for your children to receive a vaccination, please arrange this with your physician or health department. Let's all practice good health habits and prevent the spread of germs by covering our coughs and practicing healthy hand hygiene. If your child has a fever **please** keep them at home so they do not infect the other students.

Everyone who has an e-mail has received an invitation from CareDox. CareDox is in its first year with Bedford County and we appreciate your patience as we adjust to online charting. We need your help! Please complete the online-forms on your children. By filling out all the online information, it would greatly improve our productivity and help us provide the most informed care for your precious children.

Upcoming Events

Screenings

Hearing, visions and scoliosis screening (10th grade only). Parents, you will be getting a letter soon stating the date of screening tests. All 10th graders will be tested during this time. If we find something abnormal during our screening, you will be notified.

Important Announcement!!

I have finished sending out care plan forms for all students with chronic conditions that require an individualized plan. Please be sure to fill these out and return to me. Thanks!
